Practice Optional Services

Version V2.0 - 29th June 2022

NHS

England

Primary Care Support England

Introduction

GP Payments administration is now managed through PCSE Online.

If you are looking to view the optional services that your practice is registered to offer patients, you can visit PCSE Online and view this with ease.

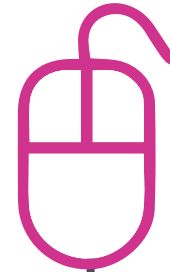

The Optional services page is read only for a practice. If you are looking to amend the optional services you are registered for, then you will need to contact your commissioner and request that they remove the optional service on your behalf.

To use this guide, your user administrator needs to ensure you have been set up in PCSE Online with at least one of the following roles:

- **GPP – Statements**

Contents

If there is a specific section in this guide that you would like to see, please **click** one of the icons below to be taken straight to that section.

Where can I view the optional services my practice is registered for
